Further information

About me

HTTP protocol (principle of operation, basic concepts); basic knowledge of HTML, CSS, SQL (PostgreSQL); basic knowledge of the linux operating system (work by the command line using the ssh protocol); a general understanding of Git; work with Atlassian products (Confluence, Trello); basic knowledge of Angular, knowledge of basic understanding of RabbitMq, Hangfire; basic commands with working dockers, containers (linux). Basic knowledge of working in Angular: working with API(connection to Front).

Right know I am more front-end developer(but work only in angular framework) than qa-Engineer
